

Debit/ATM Card Processing

No upfront fees for POS Debit.....ATM Card Processing

For your merchants!

Western States Card Services provides your merchants with Debit/ATM card acceptance at the point-of-sale. There are no up-front set-up fees associated with implementation of the program and your financial institution can have access to all of the PIN-based POS networks to which you maintain direct membership. You may obtain sponsorship through other financial institutions that are direct members of the debit networks.

Networks Supported

Star, Maestro, Interlink, NYCE, Shazam, Pulse, ACCEL, and Electronic Benefits Transfer (EBT) networks.

Hardware

PIN Pad encryption, programming and installation are required for merchants processing debit.
